2. Every Breath You Take – The Police

Every breath you take and every move you make
Every bond you break, every step you take
I'll be watchin' you

Every single day and every word you say
Every game you play, every night you stay
I'll be watchin' you

Oh, can't you see
You belong to me
How my poor heart aches
With every step you take

Every move you make and every vow you break
Every smile you fake, every claim you stake
I'll be watchin' you

Since you've gone I been lost without a trace
I dream at night, I can only see your face
I look around but it's you I can't replace
I feel so cold and I long for your embrace
I keep cryin', baby, baby, please

Oh, can't you see
You belong to me
How my poor heart aches
With every step you take

Every move you make and every vow you break
Every smile you fake, every claim you stake
I'll be watchin' you

3. Love Will Tear Us Apart – Joy Division

When routine bites hard and ambitions are low
And resentment rides high but emotions won't grow
And we're changing our ways, taking different roads

Then love, love will tear us apart again
Love, love will tear us apart again

Why is the bedroom so cold turned away on your side?
Is my timing that flawed our respect run so dry?
Yet there's still this appeal that we've kept through our
lives

But love, love will tear us apart again
Love, love will tear us apart again

Do you cry out in your sleep all my failings exposed?
And there's a taste in my mouth as desperation takes hold
Is it something so good just can't function no more?

When love, love will tear us apart again
Love, love will tear us apart again

Love, love will tear us apart again
Love, love will tear us apart again

4. How Soon Is Now – The Smiths

I am the son and the heir
Of a shyness that is criminally vulgar
I am the son and heir
Of the nothing in particular

You shut your mouth, how can you say
I go about things the wrong way

Top 10 Songs

I am human and I need to be loved
Just like everybody else does

I am the son and the heir
Of a shyness that is criminally vulgar
I am the son and the heir
Of nothing in particular

You shut your mouth, how can you say
I go about things the wrong way
I am human and I need to be loved
Just like everybody else does

There's a club
If you'd like to go
You could meet somebody
Who really loves you

So you go and you stand on your own
And you leave on your own
And you go home
And you cry and you want to die

When you say it's gonna happen now
Well, when exactly do you mean?
See, I've already waited too long
And all my hope is gone

You shut your mouth, how can you say
I go about things the wrong way
I am human and I need to be loved
Just like everybody else does

5. London Calling – The Clash

London calling to the faraway towns
Now war is declared and battle come down
London calling to the underworld
Come out of the cupboard, you boys and girls

London calling, now don't lecture us
Phony Beatlemania has bitten the dust
London calling, see we ain't got no swing
Except for the reign of that truncheon thing

The ice age is coming, the sun's zooming in
Meltdown expected, the wheat is growing thin
Engines stop running, but I have no fear
'Cause London is drowning I live by the river

Top 10 Songs

London calling to the imitation zone
Forget it, brother, you can go at it alone
London calling to the zombies of death
Quit holding out and draw another breath

London calling and I don't wanna shout
But while we were talking I saw you running out
London calling, see we ain't got no high
Except for that one with the yellowy eyes

The ice age is coming, the sun's zooming in
Engines stop running, the wheat is growing thin
A nuclear error, but I have no fear
'Cause London is drowning I, I live by the river

The ice age is coming, the sun's zooming in
Engines stop running, the wheat is growing thin
A nuclear error, but I have no fear
'Cause London is drowning I, I live by the river

Now get this
London calling, yes I was there too
An' you know what they said, well, some of it was true
London calling at the top of the dial
And after all this, won't you give me a smile?
London Calling

I never felt so much alive

6. A Forest – The Cure

Come closer and see
See into the trees
Find the girl
While you can

Come closer and see
See into the dark
Just follow your eyes
Just follow your eyes

I hear her voice
Calling my name
The sound is deep
In the dark

I hear her voice
And start to run
Into the trees
Into the trees

Top 10 Songs

Into the trees

Suddenly I stop
But I know it's too late
I'm lost in a forest
All alone

The girl was never there
It's always the same
I'm running towards nothing
Again
And again and again and again
...

7. Louise – Clan Of Xymox

Louise, it seemed a long time ago
Louise, I'll always remember that day

I crawled on my knees
Begging you to stay
You made me shiver Louise
You made me quiver

Now I do the strangest things
I think such lonely thoughts
Forgetting all, just forgetting you

Louise, anything at all
Not to think of you
Anything at all
Don't deny it is not true Louise

I feel I am getting weaker
A life blue on gloomy waves
I feel I am diving deeper
Into the darkest caves
There's nothing at all to find a way

Louise, Louise, Louise
My heart used to beat, now it only weeps
Louise, Louise, Louise
Uncared the city sleeps, I am twisted in the streets

I shiver, I quiver
Into the strangest things
Lonely thoughts and forgetting you Louise

And you promised me, you told me
You told me empty lies
Louise, Louise
Louise leave me, leave me
No longer interfere, Louise, Louise

8. Seas – UK Subs

Her mouth opens wide, we are swallowed whole
Down inside the bowels we go
Her breath is pure gasoline

We find a light, we climb the stairs
We find a cabin there
Out of a maze of corridors

Inside my head is spinning round
Floating makes the strangest sound
The motors moan, we are out at sea

I hear a voice crackle on the wall
It tells me of my port of call
In a language I can't understand

I close my eyes, I try to sleep
With haunting noises from the deep
I surrender to the sea

I dream of young girls all around
Some lay with me, some looking down
Smiling, they don't say a word

They look like angels, oh so young
With silken hair, ashen spun
I reach out to see if they are real

I wake up, I'm all alone
I look around, but they are gone
The room smells of French perfume

The eye-shadow on my pillow bears
Lipstick traces, strands of hair
They tell me I surrendered to the sea

Surrender [x2]

Close your eyes, surrender to the sea

[x2]

9. Chenko – Red Box

we stand alone
with your metal
and our stones
we're hybrid
divided
hide the wind and earth
and fire forever

and now we hone
our fingers to the bone
we're hybrid one sided

what can we do...
live our lives like you?
we're hybrid misguided

10. Dreams- Cranberries

Oh my life is changing everyday
Every possible way
Though my dreams, it's never quite as it seems
Never quite as it seems

I know I felt like this before
But now I'm feeling it even more
Because it came from you

Then I open up and see
The person fumbling here is me
A different way to be

I want more, impossible to ignore
Impossible to ignore
They'll come true, impossible not to do
Impossible not to do

Now I tell you openly
You have my heart so don't hurt me
For what I couldn't find

Talk to me amazing mind
So understanding and so kind
You're everything to me

Oh my life is changing everyday
Every possible way
Though my dreams, it's never quite as it seems
cause you're a dream to me
Dream to me
